By signing this form, the driller declares that they are familiar with the District's current rules and well construction standards and agree to abide by them. By signing this form, the well owner understands that this allows SETGCD to enter the property to inspect the well. By signing this form, both the driller and the property owner affirm that the well penetration site meets the spacing requirements set by the Texas Water Well Drillers Board.

I hereby certify that I have furnished the above information and to the best of my knowledge and belief, all data herein contained are true and correct.
